Skills

Full-stack developer with 5 years of experience in Python, JavaScript/TypeScript, Django, Node.js, Flutter, and blockchain projects. Skilled in AWS, SQL/NoSQL databases, and building fast, scalable applications.

Experience

05/ 2024 - PRESENT

DELTA MULTIMEDIA FRANCE, France – *Technical director*

- Leading all technical strategy and high-level architecture decisions for the company
- Managing full-stack development, cloud infrastructure, and system performance.
- Driving innovation across web, mobile (Flutter), AI, and automation projects.
- Building scalable, secure solutions that align directly with business goals.
- Streamlining development workflows and mentoring engineering teams for efficiency.

05/ 2023 - 04 2024

Nicheby, Delhi – *Senior Python Developer*

- Owned the core backend architecture for a multi-role hiring platform and translated product requirements into scalable technical solutions.
- Built an AI-powered interview preparation chatbot and integrated it seamlessly with the platform
- Collaborated closely with frontend teams to deliver smooth API integrations and user workflows.
- Developed secure onboarding flows connecting universities and employers to the platform.

04/2023 - 07/2023

Cybronic Solution, Kochi – *Freelance Developer*

- Built robust APIs and backend systems for Alshifa Hospital's digital platform.
- Developed scalable features for a social media app and a job portal.
- Worked closely with cross-functional teams to gather requirements and deliver high-quality solutions on time.

03/2021 - 2022

Prototype, Kozhikode – *Full stack Developer*

- Built full-stack projects using Django, React, HTML, and CSS.
- Contributed to e-commerce and social media platforms.
- Developed a full e-commerce system with JWT auth, cart/orders, reviews, and RazorPay/PayPal integration.

Projects

MarketsMates

A modern social trading platform where users share market insights, videos, and data across Forex, Crypto, and Stocks — featuring courses, AI analysis, live market data, and real-time news in one place.
